To return to the Research & Outreach Web page, use the "Back" button on your browser.

To search this document -

To find a word using the Find command:

- 1** Click the Find button on the toolbar (the binoculars).
- 2** Enter the text to find in the text box.
- 3** Select search options if necessary:
 - Match Whole Word Only finds only occurrences of the complete word you enter in the text box. For example, if you search for the word *stick*, the words *tick* and *sticky* will not be highlighted.
 - Match Case finds only words that contain exactly the same capitalization you enter in the text box.
 - Find Backwards starts the search from the current page and goes backward through the document.
 - Ignore Asian Character Width finds only those Kana characters that exactly match the text you enter.
- 4** Click Find. Acrobat finds the first occurrence of the word.

To find the next occurrence of the word:

Click on the "Find Again" button on the toolbar (binoculars with arrow).
